

Membership Form

CREOS is a local environmental group committed to protecting Crouch End Playing Fields – the green area below Shepherd’s Hill bounded by Park Road, Glasslyn Road, Cranley Gardens and Wood Vale – from any undesirable development.

Since CREOS was established in 1973 we have done much to maintain and improve the character of the area by having workdays to clear rubbish and cut back undergrowth on the paths and meadow area. We are also active in lobbying against environmentally unfriendly developments and have been instrumental in creating an attractive link path between the Playing Fields and Queens Wood with help from the Conservation Volunteers (TCV).

We always need an even larger core of active members to support our continuing efforts to maintain the character of our local area. We do hope you will join us and help preserve our open ‘rural’ area as a natural haven for wildlife and walkers.

Please return this completed form with your subscription to our Treasurer Julian Sherwood, 23 Berkeley Road N8 8RU.

If you pay UK income tax, we can claim Gift Aid. This is 25 per cent of your subscription. When you send your membership form we will ask you to complete a Gift Aid form.
