

Crouch End Open Space consists of woods, meadows, paths and hedgerows that offers recreational space among a diverse and ecologically rich wildlife haven within North London.

### Access points

- 1** Turn left down Montenotte Road and take the left hand track signed Shepherd's Cot Trust, not the entrance to Highgate Wood School.
- To find by satnav, search for N8 8RN. When you arrive at the North London Cricket Club car park, turn left and at the far end of the pavilion is a woodchip path which leads to the meadow.
- 2** From Park Road N8 8JJ there is a footpath opposite Park Avenue Road South signed 'Greenways'. Half way up this path take the turning to the left and at the end turn right. This will take you to Hanley Car Park from where there is a wooded path leading out of the car park towards the meadow.

From Wood Lane which leads east from Highgate tube, there are three access points:

- 3** At the end of Queen's Wood (Queenswood Road), just before the Wood Vale residential area, there is a tarmac footpath to the right. Go down this path and turn left onto a gravel track that leads after 20m through some iron railings. This is our Woodland Walk, leading by the side of allotments.
- There are two tracks further down Wood Vale:
- 4** one leading to the allotments and the fields (unmarked)
- 5** one marked 'Greenways' and 'Crouch End Playing Fields'

There is access from Priory Gardens that is the best route walking (about 350m / 5mins) from Highgate tube:

- 6** From Priory Gardens take the steep path on the left signposted 'Footpath through Queen's Wood...'. At the bottom of the slope (about 100m) there is a gravel path to the right that leads soon through some iron railings. This is our Woodland Walk, leading by the side of allotments.
